

Sewing, Embroidery and Darning Needles

Success every time.

Sewing, embroidery and darning needles. Stitch by stitch – perfect and precise.

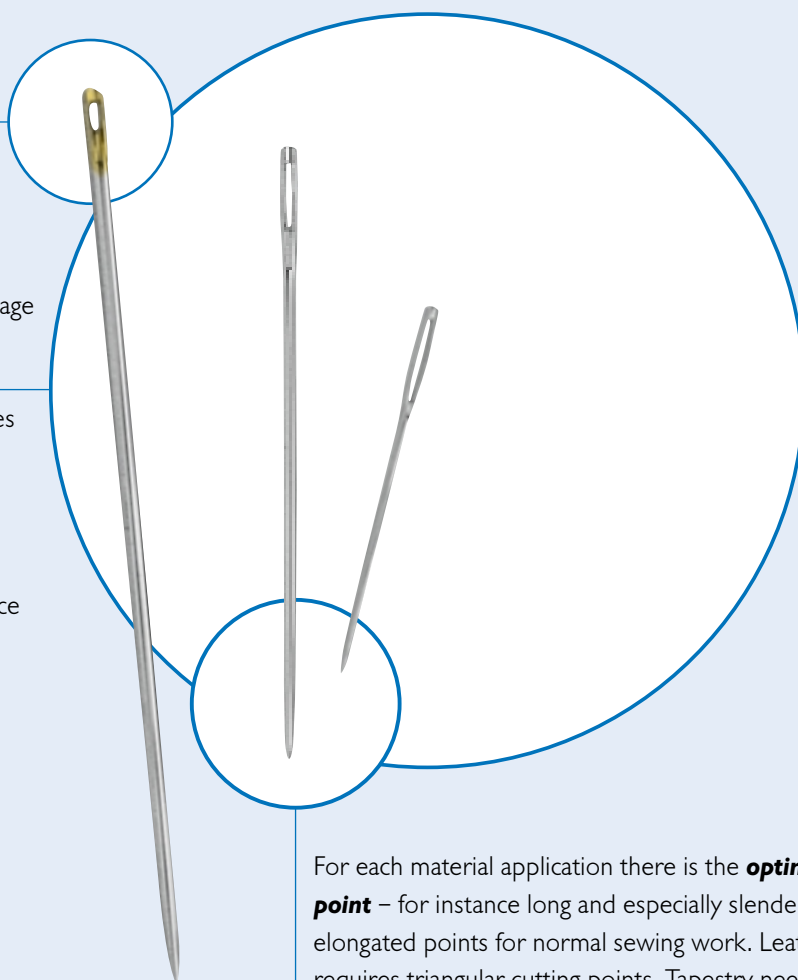

Centuries of experience in metal processing, combined with the latest production technology available today, make Prym sewing, embroidery and darning needles perfect precision tools. The needle range from Prym sets international quality standards – also in the variety of the assortment. Here also specialists will find their special needles.

burr-free head that is convenient and easy to handle

silver or gold **smooth and snag-free eye** to facilitate threading and avoid thread damage

uniformly polished and non-porous surfaces guarantee **excellent smoothness** and good protection against rust

precision calculated flexibility and resilience ensure smooth sewing without bending or breakage

For each material application there is the **optimal point** – for instance long and especially slender elongated points for normal sewing work. Leather requires triangular cutting points. Tapestry needles with blunt points facilitate embroidery on even-weave fabrics.
